LOCAL NEWS AND HOME READING. TUBLISHED AT BLOOMFIELD, ESSEX CO., NEW JERSEY,

Bloomfield Publishing Company.

\$2.00 a Year, in advance. Single Copies, 5c.

THE EDITORIAL AND NEWS DEPARTMENTS ARE UNDER THE SUPERVISION OF A BOARD OF DIRECTORS, BY WHOM THE EDITORS ARE SELECTED AND THE BU-INESS OF THE NEWSPAPER CONTROLLED.

SUBSCRIPTIONS, ALGERTISEMENTS AND COMMUNICA-TIONS OF ANY N.ND, SHOULD BE ADDRESSED TO "THE BLOOMPIELD CITIZEN, P. O. Box 240, BLOOM PIELD, NEW JERRET." CUR OFFICE IS OVER THE POST CEPTICE.

ALL COMMUNICATIONS SHOULD BE ACCOMPANIED BY THE AUTHOR'S NAME, IN CONFIDENCE, OR POR PUBLICATION. REJECTED OR UNAVAILABLE ARTI-CLES, HAVING PROPER STARP AND ADDRESS, WILL BE RETURNED.

WHILE IT IS THE FULL INTENTION OF THE EDITORS TO ALLOW THE LARGEST LIBERTY TO CONTRIBU-TORS, IT MUST BE DISTINCTLY UNDERSTOOD THAT WE DO NOT THEREBY ENDORSE THEIR OPINIONS, OR ARE IN ANY SENSE RESPONSIBLE FOR THEM.

NEWS ITEMS, NOTICES AND REPORTS MUST BE SENT TO THE OFFICE NOT LATER THAN THURSDAY EVE NING OF EACH WEEK, IF THEY ARE TO APPEAR IN THE CURRENT NUMBER.

TRANSIENT NOTICES, FIFTY CENTS FOR EIGHT LINES, BACH INSERTION. FOR LARGER SPACE AND PER-MAMENT RATES, APPLY AS ABOVE.

The Fire Department.

The action of the Township Committee at their last meeting in rescinding the fire resolution was a startling surprise After two years of agitation and effective work, the department was at last upon a firm foundation so its members thought, not so, a few weeks time and the organization is defeated in committee the members thrown upon their own resources and preparation made for a new department. Whatever may be the real reason for this adverse vote, those presented to the public were entirely frivolous. Difference between the Trustees and the Engineer as to the disposition of a hose-carrage, skilful use of an old grievance of the Hose-Company as to payment for their uniforms and prejudices of a new company; were made the foundation of a fire resolution

No doubt there are ebjections to a Fire Association, as there are to any method of Administration. A careful consideration of these might have led precisely to the action which has been had; but more time should have been taken, and sufficient warning given of the coming changes. The gentlemen who have labored so generously in this cause were worthy of better treatment. Through their efforts more than \$5000 have been collected in the past two years; a truck has been bought and housed, a fire-bell placed to give warning of fire, and a company drilled to fire service.

More than one occasion has shown its efficiency, and the township has so far approved of it, as twice to appropriate money for its support. Under these circumstances a preparatory resolution declaring the judgment of the Committee that a different organization was necessary would have been at once wise, and conciliatory.

The sudden recinding of the resolution found the Association unprepared to act, otherwise the services of the Truck Company would have been tendered the Committee; for it is not anywhere believed that the gentlemen composing this Association will consent to a factious opposition. In the committee there is little hope of change. Methods of administration are not however supremely important. The fire apparatus was gathered for public use; and even, if placed under the direction of the Township Committee will still remain in the hands of the Truck Company. Whatever of good may be in the change will soon be developed. The opposition must now take the respon-

sibility of organizing and conducting the

the most favorable circumstances. . Personal grievances should give way to the public service. An Engineer of experience unconnected, if possible, with any past differences should be selected, with assistants from each of the three companies. A year's trial will develop both the faults and advantages of this method of organization. Meantime no harm will come to the apparatus. Each company will retain that which it has gathered, with the use of all appliances furnished by the township. The bugbear of politics will have time to be forgotten; and the expectation of harm will be shown to rest on insufficient foundation.

It is quite possible that direct township supervision may within the year, be shown to be, upon the whole, best for the companies. 'Responsibility will be concentrated. Instead of twelve trustees, with the possibility of appeal either to a larger association of 100 or more members, or to the Township Committee, the latter will possess final power. The engineer will be under their complete control, removable at pleasure, and subject to such rules as they may devise. Requests from the companies must come direct to the Committee, who are finally answerable to their constituents. Like the roads, sidewalks, gas, wa-

part of township work, to which the committee must give their attention and render their account to the people. Such a method is direct, simple, and may prove

satisfactory. No one will regret to lay down work, which will be equally well done by another, and the Trustees will look with equanimity upon an experiment in which they have nothing to lose and much to gain. We write not to forstall their action, but to give it onr commendation in advance, ----

Essex County Insane Asylum. The report furnished to the Board of Freeholders by the Superintendent of the Essex County Insane Asylum shows that the spacious building that has been reeantly erected by the County on South Orange Avenue is already full of patients and that an addition must be made in the near future.

This state of affairs is very surprising, for it was believed that the new Asylum would give ample accommodations for all who should be entitled to its shelter

for many years to come. The County of Essex is entitled to share the benefits of the State Asylum at Morris Plains, in common with the eastern portion of the State, and it would be unwise to go to the expense of enlarging the institution on South Orange Avenue until the quota of Essex at the Morris Plains institution is full.

It is said that this quota is now nearly filled, and that the vacancies belonging to Essex will only suffice for a short time. but if this statement is true we think it indicates a condition of affairs which calls for a thorough investigation. It is difficult to believe that the number of insane people in Essex County is so much greater in proportion to population than in the other eastern counties, that we not only fill our quota in the State Asylum but also exhaust the accommodations of 5.27, 6.13, 7.00, 8.18, 9.43, 11.08 p. m. 12.23 the State Asylum.

Such a condition of things, if true should have some definable cause, which could be easily ascertained.

A very large proportion of the insane in the County Asylum are indigent or pauper lunaties, the expense of whose care and treatment is borne by the County at large, and the sum needed for this purpose is a very considerable item

of the County tax. The law provides that pauper lunattes shall be committed to the asylum by one of the Judges of the Court of Common Pleas, upon the application of the poormaster of the town or city in which the pauper resides, and directs that the said Judge shall call two respectable physicians and fully investigate the facts of the case, and if satisfied after such examination that the disease is of such a nature as may be cured, he shall issue an order committing the pauper to the lunatic asylum.

The proceedings in the case of indigent persons not paupers is substantially the same. It is quite plain that the provisions of this law are too lax, and render it very easy to secure the confinement of a poor person on the ground of

Almost anyone can procure the certificate of two reputable physicians, where there is any ground to suspect lunacy The law should require the certificate of two or more physicians skilled in the treatment of brain diseases, and the examination should be made not beore a judge of the court of Common Plets but before a Commission of two or more persons specially competent to consider the matter, who should be appointed by the judge for that purpose.

It will be noticed that the jndge i only to commit lunaties to the asylum "Upon being satisfied that the disease is of such a nature as may be cured."

We should be glad to know if this provision of the act is usually complied with, and what sort of evidence is satis factory on this point:

Pauper lunatics who are incurable and harmless should be taken care of in the The experiment should be tried under almshouse in the same way that other paupers are cared for."

Indigent lunatics who are incurable and harmless should be taken care of by their friends and relatives in the same way that other indigent persons not paupers are cared for.

Hundreds and thousands of persons never earn a cent towards their own support but get their subsistence from those upon whom they are dependent. Half of the world lives upon what the other half can earn. This is all right. It is the law of God as well as of New-Jersey that men shall provide for those who are allied to them by blood and kin-

The temptation is very strong to people of a certain sort to shirk the maintenance of old and infirm relatives, whose days of usefulness are over, and if the unfortunate ones happen to be somewhat "cranky" or queer, or talk in their sleep or mutter to themselves, the lunatic asylum presents itself as a means of deliver-

The County Asylum is entirely under the control of the Freeholders and they may adopt such regulations as to the admission of patients as they see fit. We we think the regulations at present provided will bear revision, and we think a careful investigation will disclose that a ter, parks, the fire department becomes a large number of lunatics now in the asy-

lum, are hopelessly insane and are also harmless, and should therefore be returned to the alms house or to their relatives if the are not paupers.

The report of the meeting of the Township committee published in last week's CITIZEN was not written by the editors. and they disclaim all responsibility for the opinions there expressed. The views of the editors on these subjects will ap pear in the editorial columns.

The annual report of the Register of the United Satets Treasury shows that the lowest annual receipts of customs at any port of entry were those received at Little Egg Harbor, the total amount being but \$11. The largest amount of duties collected was at New York, \$134, 361,872,05. The collection at Newark footed up \$4,070.44, and at Perth Amboy, \$27,958.48. The internal revenue collections in the three New Jersey districts during the same period were First district, \$130,666.55; Third distriet. \$492,159; Fifth district. \$2,858, 71. The exepnses for collecting the revenue from customs at the New Jersey Ports during the past fiscal year were as follows: Burlington, \$245; Great Egg Harbor .\$5,582; Newark. \$2,080; Perth Amboy, \$9,441; Bridgeton, \$366; Little Egg Harbor, \$1,277. Total, \$16,611. The expenditures for assessing and collecting the internal revenue during the same period were: First district, \$11. 461.86; Second district, \$11,461.86; Third district, \$17,366,67: Fourth distriet, \$1,266.67; Fifth district \$25. 813.73.

A THRILLING STORY.

As Told by a Merchant in Troy, N. Y.—A Surgical Operation Avoided—How a Father, Wife and Daughter Escaped an Awful Doom Of the hundreds of accounts of remarkable cures wrought by DR. KENNEDY'S FAVORITE REMEDY, none have appeared so purely astonishing as the follow-ing: The persons mentioned are among the most highly respected in the city of Troy, and the story as told by the father will prove interesting to all our readers.—ED. TROY, N. Y.

DEAR-SIR: My daughter was afflicted with a severe growth of Fungus. To remove it we had resorted to almost every remedy and consulted the most prominent surgeons and physicians. Dr.——, of Troy, said that a surgical operation would be necessary, but fearing fatal results I hesitated. Some of the physicians claim ed that it was caused by one thing and some by another. The Fungus was prominent and disfigured her looks. Having heard of Dr. Kennedy's FAVORITE REMEDY working so thoroughly on the blood, I determined to try it, to see if this medicine could do what doctors had failed to do and surgeons had hardly dared to undertake. I can say in truth that the result of this trial was the complete cure of my daughter of this dreadful malady. Dr. Kennedy's FAVORITE REMEDY alone affected it. We used nothing else, for other things had completely failed. My daughter to-day enjoys vigorous health and to Favorite Remedy alone is the credit due. My wife also was very poor in health, due to some liver difficulty, with which she had suffered a long time until she became very much reduced in flesh. A trial of Dr. Kennedy's Favorite Remedy has resulted in the complete restoration of her health, which she had not enjoyed for years. She had gained in flesh and strength, and thus secured perfect health, and this is DUE ENTIRE-LY TO DR. KENNEDY'S FAVORITE REMEDY. As for myself, being engaged in the grocery and commission business, which makes it necessary for me to test the quality of different articles, like butter, etc., my sense of taste and my stomach were seriously injured. Every thing seemed to nauseate me, and fearful of dyspepsia in its most severe form, I tried Dr. KENNEDY'S FAVORITE REMEDY. The first bottle afforded immediate relief, and from that day to this I can say that Favorite Remedy has restored me to perfect health These are facts which I claim prove that Dr. Kennedy's Favorite Remedy is the best medicine in the world for those afflicted with the above difficulties. If any one in the city of Troy doubts the truth of these statements let him come to me and I prove them. I have recommended Favorite Remedy to hundreds and with the

Yours, etc., WILLIAM WINDSOR. Corner Canal and Mount Street, Troy, N. Y. MALARIA. As an anti-malarial medicine

same good results.

DR. DAVID KENNEDY'S

FAVORITE REMEDY has won golden opinions. No traveler should consider his outfit complete unless it includes a bottle of this medicine. If you are exposed to frequent changes of climate, food and water, Favorite Remedy changes of climate, food and water, Favorite Remedy should always be within your reach. It expels malarial poisons, and is the best preventative of chills and malarial fever in the world. It is especially offered as a trustworthy specific for the cure of Kidney and Liver complaints, Constipation and all disorders arising from an impure state of the blood. To women who suffer from any of the ills peculiar to their sex Favorite Remedy is constantly proving itself an unfailing friend—a real blessing. Address the proprietor, Dr. D. Kennedy, Rondout, N. Y. \$1 bottle, 6 for \$5, by all druggists.

NOTICE

TEA AND COFFEE CONSUMERS.

Lovers of Tea and Coffee, when making purchases should not be pleased with an inferior article simply because they get a present with it, they are invariably deceived by the gift system, and have a poor article palmed off on them by these would-be benefactors. It is their usual practice to buy the cheapest Teas and Coffees in the Market and sell them with the presents, at from 60 and 70 cents per lb. We can sell you a better Tea at 50 cents. They will charge 30 to 35 cents per lb. for coffee, we will sell you a good Coffee 18, 20 and 22 cents per lb., very best Java Coffee from 25 to 27 cents. Every article purchased that is not as represented, can be returned and money re-
